The Innocence of an Executed Immigrant Sought at old Plymouth Home

Suosso's Lane by Robert Knox Historical Fiction, 435 e-pages Publisher-Shelf: \$7.95

The hallowed landing place of the Pilgrims is profaned three centuries later by one of the most widely disputed executions of modern times. Two Italian immigrants, profiled for their radical views, are convicted of a murder-robbery in a trial marred by weak evidence and judicial prejudice and executed seven years later despite international protests.
